solutions for business*

OEM and Aftermarket Transit Parts Specialists

Call on the DLR Team for outstanding products, services and prices with unmatched customer service and support. Our goal every day is to provide you with the highest quality and reduce your replacement parts program costs.

Our solid reputation for service and excellence is based on our unique ability to:

- Control purchase costs for replacement parts without sacrificing quality.
- Reduce on-hand inventory by improving product and delivery time.
- Locate hard-to-find parts with a high-level QA inspection and certified supplier program.
- Operate a state-of-the-art fabrication shop for re-design, CMM, molded components and more.
- Serve as your sole-source supplier for all your transit parts needs and services.

DLR Distributors is a strategic transit parts sourcing company designed to streamline purchasing activities for our transit industry customers. We conduct assessments and identify suitable suppliers through our global network to negotiate the most cost-effective pricing for common and hard-to-find parts.

The DLR Distributors team is committed to providing the best products and services for our customers. To fulfill that commitment we have established solid alliances with certified vendors and suppliers who perform to the highest industry standards. We consistently provide quality products and equipment at affordable prices to yield you significant savings.

Our team has nearly 50 years of experience in transit industry sourcing. Our expertise helps us to collaborate with you in sourcing, negotiating, forecasting, systematizing supply management and purchasing the highest quality inventory available. Our goal is to reduce your organization operational costs by providing solutions for all areas of management and support procurement.

Our highly skilled and trained buyers are available to work with your project manager onsite to provide additional support.

Ready to find out what DLR can do for your replacement parts program? Contact us now at 800.239.9650 or info@DLRDistributors.com for a prompt response.
